How to Keep Day-Off

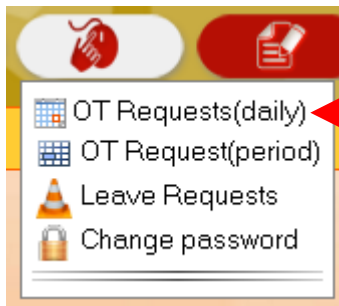

1. On top click at the icon menu

[Back to contents](#)

2. After that click at  OT Requests(daily) = Keep Day-Off Request

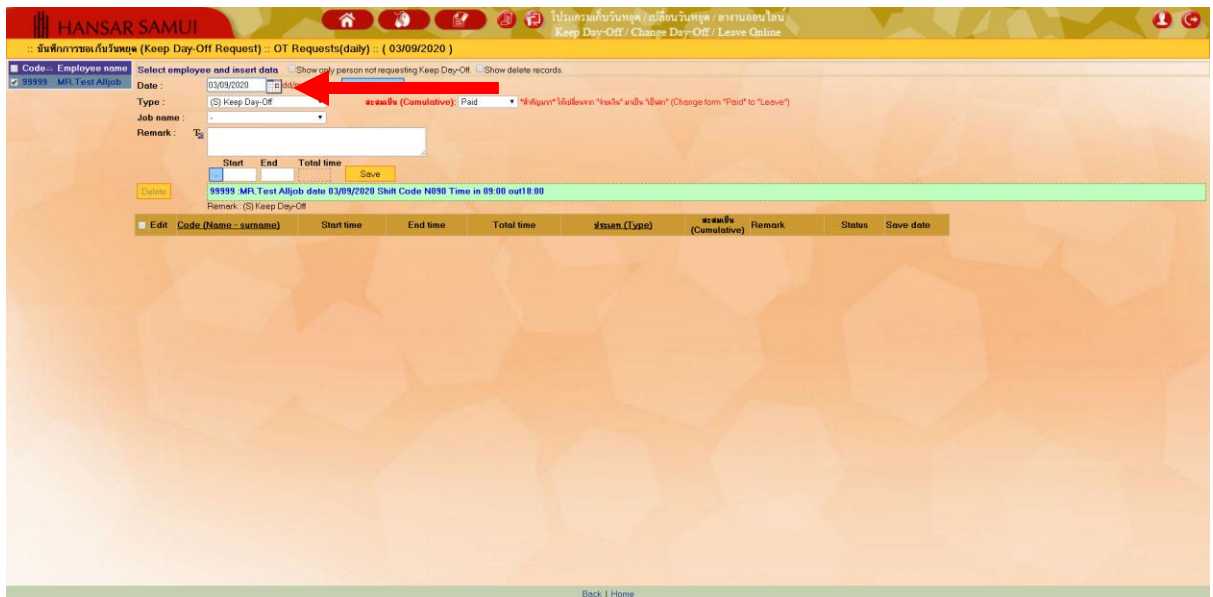

3. After that, click at **“Employee code”** and put your Employee ID into the white box. (But if we choose all we will also see the employees in the department.)

4. After that click at 

[Back to contents](#)

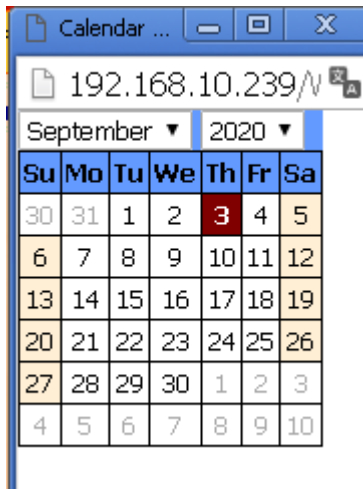

7. After that, select the day that we want to collect the holidays. By clicking on the calendar icon 

The screenshot shows the 'Keep Day-Off Request' form in the HANSAR SAMUI system. The form includes fields for 'Date' (03/09/2020), 'Type' (Keep Day-Off), 'Job name', and 'Remark'. A table below the form shows the request details for 03/09/2020. A red arrow points to the calendar icon in the top right corner of the form area.

Edit	Code (Name_surname)	Start time	End time	Total time	ประเภท (Type)	สะสม (Cumulative)	Remark	Status	Save date
	99999 MR.Test Alljob data	03/09/2020			Shift Code N090	Time in 09:00 out18:00			

8. After that, choose the day that we will collect the holidays. From the calendar.

The screenshot shows a Windows calendar application for September 2020. The date 3rd is highlighted in red, indicating the day selected for collecting holidays.

Su	Mo	Tu	We	Th	Fr	Sa
30	31	1	2	3	4	5
6	7	8	9	10	11	12
13	14	15	16	17	18	19
20	21	22	23	24	25	26
27	28	29	30	1	2	3
4	5	6	7	8	9	10

[Back to contents](#)

9. After that click at **"Show"**.

The screenshot shows the HANSAR SAMUI system interface for 'Keep Day-Off Request'. The form includes fields for 'Code', 'Employee name', 'Date' (16/08/2020), 'Type' ((S) Keep Day-Off), 'Job name', and 'Remark'. A red arrow points to the 'Show' button. Below the form, there is a table with columns: Edit, Code (Name - surname), Start time, End time, Total time, ระยะเวลา (Duration), สะสม (Cumulative), Remark, Status, and Save date. The table contains one entry: 99999 MR.Test Alljob date 16/08/2020 Shift Code N090 Time in 09:00 out18:00. Remark: (S) Keep Day-Off.

10. At the **"Type"** This field does not have to be selected. Because the system is located at (S) Keep Day-Off.

The screenshot shows the HANSAR SAMUI system interface for 'Keep Day-Off Request'. The form includes fields for 'Date' (16/08/2020), 'Type' ((S) Keep Day-Off), 'Job name', and 'Remark'. A red arrow points to the 'Type' field. Below the form, there is a table with columns: Start, End, Total time, Save, and Delete. The table contains one entry: 99999 MR.Test Alljob date 16/08/2020 Shift Code N090 Time in 09:00 out18:00. Remark: (S) Keep Day-Off.

[Back to contents](#)

14. After that at the channel

Start: Let us type the time to start working.

End: Let us type the time at the end of the work.

Total Time: The system will automatically calculate the duration of Keep Day-Off for us.

(Usually, this box must include 9 Hours of work time to equal 1 day.)

Start	End	Total
09:00	18:00	09:00

15. When everything is in complete, press the button

Save

Select employee and insert data Show only person not requesting Keep Day-Off. Show delete records.

Confirm delete?

[Back to contents](#)

How to check if there are any outstanding days in the system?

Because if we key the work for a specific Keep Day-Off key. Will find that when we finish the key and exit the system, but when we enter again Returned to find that the work that we key was missing I must first say that the worksheet that we key has not disappeared, it is still only that we do not see. Caused by the following reasons.

Sample, we test to key Keep Day-Off at date 25/08/2563

OT Requests(daily) :: (25/08/2020)

Select employee: 99999 MR.Test Alljob

Date: 25/08/2020

Type: (S) Keep Day-Off

สะสมเงิน (Cumulative): Leave

Start: 09:00, End: 18:00, Total time: 09:00

99999 MR.Test Alljob date 25/08/2020 Shift Code N090 Time in 09:00 out18:00

Edit	Code (Name - surname)	Start time	End time	Total time	ประเภท (Type)	สะสมเงิน (Cumulative)	Remark	Status	Save date
<input type="checkbox"/>	99999 MR.Test Alljob	09:00	18:00	09:00	S	Comp.time		Waiting no.1	3/Sep/20 10:47 Test Alljob

But if we leave and re-enter, we will see that the work that we have keyed is lost.

OT Requests(daily) :: (03/09/2020)

Select employee: 99999 MR.Test Alljob

Date: 03/09/2020

Type: (S) Keep Day-Off

สะสมเงิน (Cumulative): Paid

Start: 09:00, End: 18:00, Total time: 09:00

99999 MR.Test Alljob date 03/09/2020 Shift Code N090 Time in 09:00 out18:00

Edit	Code (Name - surname)	Start time	End time	Total time	ประเภท (Type)	สะสมเงิน (Cumulative)	Remark	Status	Save date
<input type="checkbox"/>	99999 MR.Test Alljob	09:00	18:00	09:00	S	Comp.time		Waiting no.1	3/Sep/20 10:47 Test Alljob

The cause is due to the current show date that we entered. Does not match the date we key into the system which we keep Day-Off on 25/08/2563, if the date of the show is another day, it will not see our worksheet.

Date : 29/09/2020

[Back to contents](#)

We have to change the date to one day, month, year, the same year that the key keeps the holidays.
To see our worksheet.

Date : 25/08/2020 dd/mm/yyyy

บันทึกการขอเก็บวันหยุด (Keep Day-Off Request) :: OT Requests(daily) :: (25/08/2020)

Code - Employee name: 99999 MR.Test Alljob

Select employee and insert date Show only person not requesting Keep Day-Off Show delete records.
